About Us

Epicare Associates, Inc., was founded in 1994, and specializes in corporate and healthcare training. We offer a flexible and affordable alternative for high quality educational programming. A leader in outsourced training, Epicare helps organizations deliver training programs by experts in their areas. By outsourcing selected training functions an organization can:

- Reduce training costs
- Utilize expert presenters
- Meet organizational goals
- Provide flexibility to accommodate educational preferences and requirements
- Access state of the art technology

Every Epicare training program is unique. Epicare Associates engages in a dialogue with our clients to define the desired business outcomes and to determine how these outcomes can be achieved through training. We then design and implement a custom program to meet your strategic goals and timeline for training.

Our programs are designed to develop individuals on 3 levels:

- **Intrapersonal:** programs which develop the person such as stress or time management
- **Interpersonal:** offerings which enable one's ability to interact or work with others such as the communication series, preceptor or charge nurse workshop
- **Extrapersonal:** skills which promote organizational effectiveness such as teambuilding
