- » Cancellations permitted up to 14 calendar days prior to the event, full registration refund less \$25.00 administrative charge.
- » Cancellations up to 7 calendar days, 50% refund.
- » No refunds will be issued 7 calendar days prior to the event.

Certificates

Your fee includes a contact hour certificate. Replacements are \$5.00 each.

Presents

Care of the Psychiatric Patient in Acute Care

***Offering to
Organizations for
On-Site Training of
their Employees***

Our Programs include orientations, cross training and continuing education.

Purpose

Increasingly adult patients with psychiatric disorders present in the medical – surgical, intensive care, obstetrical, ambulatory or perioperative services. This workshop will assist the nurse and healthcare provider to appropriately care for their behavioral health needs in the acute care setting.

Behavioral Objectives:

At the completion of this program the participant will be able to:

1. Discuss the diagnostic criteria of the DSM IV TR classification.
2. Correlate psychotropic medications and disorders for which they are prescribed.
3. Identify key side effects of select psychotropic medications.
4. State the risk factors for suicide.
5. Differentiate between the care of the patient in medical and behavioral health restraints.
6. Utilize verbal techniques to de-escalate an aggressive / angry individual.
7. Outline the care considerations for the addicted patient.
